

Website accessibility statement for consumers, as per Art. 3[1] of law no. 4, 9th January 2004

Statement

Club del Sole SRL. undertakes to make its website accessible, in compliance with law no. 4, 9th January 2004. This accessibility statement applies to: <https://www.clubdelsole.com>

Conformity statement: Partly compliant

This website is partly compliant with the requirements set out in Appendix A of the UNI CEI EN 301549 standard with regard to cases of non-compliance listed below

Non-accessible content

The content listed below is not accessible due to the following reasons, based on non-observance of law no. 4, 9th January 2004:

- C.9.1.1.1 - Not all non-text content presented to the user has a text alternative that performs the same function.
- C.9.1.2.3 - For some pre-recorded multimedia content, no alternative or audio description is provided;
- C.9.1.3.1 - In some cases, information, structure or correlations transmitted by the presentation of the pages cannot be programmatically defined (or is not available as text);
- C.9.1.3.5 - The purpose of some input fields that accept specific data is not correctly communicated to the assistive technologies or has not been implemented correctly;
- C.9.1.4.3 - Where not allowed, visual representation of text and images containing text does not always have the minimum contrast ratio required, subject to the exceptions set down in the standards (e.g., logotypes);
- C.9.1.4.5 - In some cases, text images are used instead of plain text and are neither customisable nor essential to the type of information conveyed;
- C.9.1.4.11 - For some essential components, even in different states, the colour contrast compared to adjacent elements does not exceed the ratio of 3:1;
- C.9.1.4.12 - Changing the spacing of texts relating to the height of the lines, spaces between paragraphs, letters or words, there are certain losses of information or content;
- C.9.1.4.13 - In some cases, when the mouse pointer (hover) passing or the keyboard focus make content visible and hidden, there is no mechanism available to hide additional content without moving the mouse pointer or keyboard focus, the pointer cannot be moved to additional content without disappearing or additional content remains visible until the hover or focus event is removed, the user deletes it or their information is no longer valid except for some exceptions;
- C.9.2.1.1 - Some features cannot be activated by keyboard (or similar input interface);
- C.9.2.1.2 - In some cases, when the focus is moved to a page component, it cannot be removed using only the keyboard (or standard navigation keys such as arrow or tab keys), and the user is not informed of alternative methods;
- C.9.2.2.2 - Some animations, flashing, sliding or self-updates of information started automatically with a duration of more than five seconds or presented in parallel with other content, there are no mechanisms to stop or hide them;

Club del Sole

- C.9.2.4.1 - There is no mechanism to skip content blocks that repeat on multiple web pages; • C.9.2.4.2 - Some web pages do not have titles describing the subject matter or purpose;
- C.9.2.4.3 - In some web pages that can be browsed sequentially and in which the navigation sequence affects their meaning and functioning, some objects that may receive the focus do not receive it with an order that preserves its meaning and operation;
- C.9.2.4.4 - The purpose of certain links cannot be determined by the link text or by the link text together with adjacent content;
- C.9.2.4.6 - Headers and/or labels do not sufficiently clarify content or functionality;
- C.9.3.3.1 - In some cases, when an input error is automatically detected, the erroneous item is not identified and/or the error is not described using text;
- C.9.3.3.3 - In cases where an input error is identified and suggestions for correction are known, they are not provided to the user, unless required by law;
- C.9.4.1.2 - In some cases, user interface components (including: module elements, script-generated links and components...), name, role, state, property and values are incorrect or set, or the user auxiliary technologies are not warned when these attributes change;
- C.9.4.1.3 - In some cases, state messages are not presented to the user so that assistive technologies interpret them without having to move the focus;

Preparation of the accessibility statement
