FIVE-A-SIDE FOOTBALL PITCH
OBEDIENCE

SATURDAY 14

10:00am - 12:00pm
POOL PARTY

2:00pm to 5:00pm
POOL PARTY

ACTIVITIES

DOG AGILITY
Activities for an approach to dog agility using various elements (jumps, slalom, tunnels, ramps, see-saw).

OBEDIENCE
Obedience is a dog sports discipline in which the dog must perform a series of exercises of increasing difficulty together with its owner; it can be practised by dogs of any breed, including mixed breeds.

NOSEWORK
Playful scentwork, or nosework, is not intended to develop the dog's sense of

smell, but to teach him that if he uses his nose he can find hidden objects, animal tracks and people, and obtain gratifying rewards. Dogs derive great pleasure from playful scentwork search games that provide them with mental and physical stimulation.

DOG BALANCE FIT
The discipline of Dog Balance Fit is a proprioceptive exercise for the all-round well-being of your dog, who is trained both posturally and emotionally.

MENTAL STIMULATION
Games and problem-solving activities to stimulate and enhance your dog's cognitive skills.

APPROACH TO WATER
Using play-based methods aimed at stimulating the dog's motivation, puppies and adults will be guided by the dog trainer towards a correct approach to water, thus overcoming any hesitations.
